

2026 RULES AND REGULATIONS FOR INTIMIDATION MOD TRACTORS

NOTE: ALL GENERAL RULES APPLY TO ALL CLASSES

Just because it is not stated in the rules does not mean you can do it. Officials have the final call on any discussed topic of issues not meeting the rules. *If you have questions, and to avoid failing tech, contact **Wendel Hartman** with Intimidation Motorsports before doing something by either messaging him on Facebook or call/text him at **301-501-0243**. All rules will be enforced. Follow them or you will not run. We understand that people will bend the rules, push allowances to the max, or think of things we haven't thought of yet. We can always address things at the next drivers' meeting.*

RULES:

1. *This is a RWYB class, but machine must be originated from a lawn or garden tractor.*
2. *DOT approved helmets, and eye protection (safety glasses, goggles, or face shields) are **MANDATORY FOR ALL DRIVERS**. Long pants, long sleeve shirts/jackets, neck brace, gloves, and boots are highly recommended for adults, and **mandatory for drivers under the age of 16**.*
3. **NO MOWER DECKS ALLOWED.** *You must remove all plastic items and headlights except for the hood.*
4. *Brakes must work. Forward and reverse must also work.*
5. **MUST have a cage** *all the way around legs and back must be at least 2" above the seat. Cage cannot be thicker than 1/4". The cage must also be at least 3" behind the motor. **No excessive cages. No part of the cage can cover wheels.***
6. *Allowed a front bumper MAX 32" in width, also allowed 16" of bumper mount welded to the frame, with up to 5" of mount past the front of the frame.*
7. *Pointy bumpers are allowed but nothing over 6" from back of bumper. Bumpers cannot be larger than 3" x 3" tubing.*
8. *Can have metal floor pans.*
9. **Hood must be bolted down.** *Must run a metal hood and grill. No plastics. If stock hood is plastic or fiberglass, you may use sheet metal to make one. Can be seam welded, riveted or screwed together. All hoods have to be capable of removing for inspection. **MUST HAVE NUMBER VISIBLE ON THE HOOD AND/OR SIDES. NO SHARP EDGES.***
10. *Can run any rear end but must stay belt driven. Posi rear ends are allowed.*
11. *Motor must be 25 hp or less. It can be built, but must start at 25 hp block or less.*
12. *No larger than a 7" pulley on front and no smaller than a 3" pulley on the back.*

13. *Can run aftermarket gas tank, shifter and gas pedal. Gas tank must be put in a safe spot and fastened down securely. No gas tank under the seat. Must have kill switch and gas shut off switch. This is **MANDATORY**. Hoses must have clamps.*
14. *Alcohol is allowed in the tractor, but not in the driver.*
15. *Can have a battery, but must be secure and visible. If not secured, you will have to take it off.*
16. *Can run beadlock protectors on tires but cannot be covered with cage. Any tire and wheel combo permitted.*
17. *No sharp edges everything must be rounded off.*
18. *Frame plating is permitted.*
19. *If driver rolls over or any part of their body touches the track, you will be flipped back over and allowed to continue running. If driver rolls over again or if any part of their body touches the track for a second time, the driver will be disqualified.*
20. *In the event of a rollover, the heat will be stopped until the officials get the mower back upright.*
21. *No teaming or hold and hit. **ALL INVOLVED WILL BE DISQUALIFIED.***
22. *Do not go past officials on the track **OR YOU WILL BE DISQUALIFIED.** Stay in your allowed arena space.*
23. *If it comes down to 2 tractors, after 15 minutes they will shut down. 1st and 2nd will be decided upon crowd's choice.*
24. *You are only allowed through the inspection line two times before you will be loaded, so please build responsibly.*
